**REAL RESULTS with  
COACH SCOTT**

**Coch Scott has been around basketball for a very long time and it shows; He knows what he's talking about. We started training in the summer before the season and worked a lot on what to do in different game situations, reads, etc., It helped me in a major way, ultimately allowing me to unlock a level that I had never been to before mentally. It was amazing to see the change. We worked for a long time on making reads on the fast break, on pick and rolls, and how to slow down the game and use shooting mechanics to get my shot off against different defenses. I became a better and more confident three point shooter. I was was able to process the game at a faster and higher rate. I feel more confident in myself scoring in different ways, and love the encouragement that he always gives. Coach Scott has been a big time help to me and I wouldn't be where I am without his help! ## WHAT PEOPLE SAY about COACH SCOTT

***"YOU CHANGING MY SHOT MECHANICS CHANGED MY LIFE! I was able to score 18 points in only 3 minutes and I have learned how to handle misses with confidence. I did it with complete confidence and certainty, I never worried about misses. Coach Scott is an incredible skills coach. He also helped me go from a below average defender to a great defender. He was willing to go above and beyond for me on and off the court. I wouldn't be playing college basketball right now without Coach Scott. I got cut my senior year and thought my playing career was over. I'm getting \$136,000.00 in scholarships and will be playing college basketball!"***

## **WHAT COACHES SAY about COACH SCOTT**

***"I PLAYED NCAA DIVISION I BASKETBALL and have been coaching High School and College Basketball for over 30 years. I thought I knew a lot about teaching Shooting Skills and Scoring Skills. I have seen camp lectures all over the country and from all kinds of clinicians, but I have never in all my experiences seen anyone teach more simply, directly and effectively as you did.***

***I WAS SHOCKED AT HOW SIMPLE YOU MADE THINGS and about how motivated my players became. Most of all they improved more in two days than they had in 2 years! Personally, I learned more about shooting, and teaching shooting in two short days, than I had in my entire playing and coaching career. This is the best team event we have ever done since I have been coaching. My players all have said they want The BASKETBALL DOCTOR back again next year to do another one of the clinics, and every year from now on!***

***AS A DIRECT RESULT OF THIS CLINIC, WE PLAYED IN THE STATE CHAMPIONSHIP GAME this year and that is AFTER going up an entire competitive division in our state. To our surprise, you came up to watch the championship game as well – Thank you for everything."***

## REAL RESULTS with COACH SCOTT

### FAITH LUTHERAN

MIDDLE SCHOOL & HIGH SCHOOL

To Whom It May Concern:

Our family had the pleasure of working and partnering with Coach John Scott throughout the recruiting process for our son Brevin. John Scott is also responsible for the connection we made to the college Brevin chose to attend, South Dakota School of Mines, an NCAA D-2 on a full scholarship. He also helped Brevin improve as a basketball player. Personally, I've known Coach Scott for 28 years. He helped me improve as a basketball player in high school when I met him. In later years, I also coached against Coach Scott as high school coaches and in all these relationships, can attest to his superior basketball knowledge and ability to teach the game.

With Brevin, this started with some mental training and evolved into some specific basketball advice and advanced skill development. Coach Scott was able to give him practice drills and advice about how many and what type of shots to get up in addition to those taken in regular practice. When he was in town, Coach Scott worked out Brevin and gave him multiple pointers that translated to immediately to added success in games. He specifically showed him techniques to relieve tough on ball pressure that Brevin used successfully right away. Brevin went on to be the unanimous *LEAGUE MVP* in Las Vegas his senior year.

We will always be grateful for the advice and guidance Coach gave Brevin as a basketball player. Had we lived closer to Coach Scott, we would have had Brevin get with Coach Scott in the gym for even more training.

Sincerely,

*Bret Walter*

## WHAT PARENTS SAY about COACH SCOTT

### HALEY MINEER

*"In the state semi finals when we lost by 1 Haley made 4 clutch free throws at the end of the game. 4 for 4. She said after how she was repeating what you had taught her, "Triangle" "Elbow In" "Follow Thru", etc., She was previously less than a 50% F.T. shooter and now shoots over 80%!*

*She also tripled her scoring average in just two months. In the short amount of time you worked with her it has made a big difference. I wish we would have started sooner with her. She actually was much improved during the playoff games and I can't count the number of compliments from others about her game play. Her confidence has grown tremendously which has been a huge added bonus for us as parents. Now she doesn't hope she can, she KNOWS she can!*

*Thank you very much for your help with her.

### SHANE ANDRUS

*"My son is 5'6" and 125 pounds. He loves basketball. Myself, I played at Dixie State University and was a short player also.*

*Coach Scott has brought Shane's skills and confidence to a new level I could not do myself. His knowledge, experience and how he has the ability to diagnose any athlete that he works with is uncanny. Shane has already set The school career assist record in only his junior year of high school.*

*Coach has also helped me to know the game better, and be a better game parent for my son. He has a gift and ability to fit the right athlete into their best skill positions and help them be the most productive in reaching their potential.*

*I thank Coach Scott every single time he works with Shane and I know with his help Shane is and will fulfill His dream of playing college basketball. We drive an hour each way just to work with Coach Scott and it is worth it every time, we always come away learning something new."*

## **WHAT PEOPLE SAY about COACH SCOTT**

***"I WAS A HIGH SCHOOL ALL AMERICAN IN BASKETBALL in New Orleans, LA. I have been around the game of basketball as a player and coach for over 30 years and have attended many camps. Most of the camps were similar and I wanted something different for my son.***

***NOBODY KNOWS MORE! COACH SCOTT NOT ONLY HAS GREAT KNOWLEDGE OF THE GAME, BUT ALSO AN ABILITY TO TEACH SERIOUS EFFECTIVE GAME SKILLS. I first met him when I took my son after a week of DUKE Basketball Camp to Coach Scott's Converse® College Skills Camp. I was shocked at difference in the level of instruction. There are many so called shooting coaches, but this game isn't about just playing HORSE. Coach Scott can give you the tools to be a complete basketball player, shooter and scorer. I BEGAN TO UNDERSTAND THAT YOU DON'T HAVE TO BE A GREAT ATHLETE TO BE A GREAT PLAYER.***

***HE WAS ABLE TO RAISE MY SON'S LEVEL OF PLAY from a Junior Varsity level player as a sophomore to where he was a college level player and did so within a 24-month period. If someone is willing to put in the time it takes, Coach Scott can take them to the next level.***

***The added bonus has been the real-life skills, leadership skills, people skills that Coach Scott has intertwined into his teachings. My son is a better man and much more confident."***
