ALL PLAYERS must be evaluated and PRE-APPROVED to participate

ELITE BASKETBALL - WEEKLY TRAINING

**** ONLY SERIOUS PLAYERS: You must PRE QUALIFY to enroll and participate ****

I was a pretty good high school athlete at Weber H.S. in northern Utah, but with only a few colleges looking at me. Then I was introduced to Coach John Scott. After working with him and going through his training program, the floodgates opened and I was being contacted by coaches all over the country, over 40 college programs recruited me.

The advantage of being able to work with a coach who has played, and more impressively, coached at all levels goes beyond physical skill development. The skills he teaches from a Pro Level is what really set me a part from others and learn the game. Knowing how to become that type of player/person is key. Coach Scott developed my skills to a higher level, my life skills and my confidence. Best training ever.

Because of Coach Scott's guidance, I was able to play college sports while getting most of my education paid for. Never would have happened without his help.

Jeremiah Johnson (360) 417-6352

- Assistant Athletic Director
- Men's Basketball Coach

PENINSULA COLLEGE - Port Angeles, WA.

"SHE TRIPLED HER SCORING AVERAGE IN JUST 2 MONTHS!

In the short amount of time you worked with her it has made a big difference. I wish we would have started sooner with her. She was much improved during games and I can't count the number of compliments from others about her game play. Her confidence has grown tremendously, a huge added bonus for us as parents. Now she doesn't hope she can, she KNOWS she can! Thank you very much for your help with her. She became a key in helping her team take 3rd in State."

Dave Mineer: Father of Haley Mineer, Parowan High School

"MY SON IS 5'6" AND 125 POUNDS. HE LOVES BASKETBALL.

Myself, I played at Dixie State University and was a short player also.

Coach Scott has brought Shane's skills and confidence to a new level I could not do myself. His knowledge, experience and how he has the ability to diagnose any athlete that he works with is uncanny. Shane set the school career assist record and earned a Scholarship to play basketball in college."

Derek Andrus, Father of Shane Andrus. Stansbury Park H.S.

"YOU CHANGING MY SHOT MECHANICS CHANGED MY LIFE! I was able to score 18 points in only 3 minutes and I have learned how to handle misses with confidence, not self criticism. I did it with complete confidence and certainty, now I never worry about misses. I was resistant at first because what you were having me change felt awkward, but as you explained 'it is because it is new, not because it is wrong.' Thank you so much!"

Neri Tor, SKYLINE H.S.
